RE: Office Relocation- January 2011

Zero Waste Energy Systems of Kleinburg, Ontario Canada, is delighted to announce a business relocation to Aurora, Ontario and to share the offices of General Conveyor Company Ltd at 245 Industrial Parkway South.

Zero Waste Energy Systems has just completed a joint venture with General Conveyor and their daughter company GenCon Fabrication for the manufacturing of our **revolution**TM waste processors. To date GCCL has built all the sizes of our **revolution**TM units for distribution in the Americas.

245 Industrial Parkway South, Plant B, Aurora, Ontario, L4G 3V5
Tel: 905 266-0314; Fax: 905 893-5624

With this new move, customers can visit ZWES and see their projects being manufactured GCCL. This also allows ZWES to provide consignment machines as well as leasing packages for customers. To learn how the **revolution**[™] can help your organization manage waste inside its gate to optimize sustainability efforts and lower costs please contact:
